noted fisherman and "powerfully" fond
of the sport, attempted to land the finny
tribe with a baitless, hookless, lineless
pole and succeeded in making many
"strikes" but at the end of the "fishy"
game the score stood to in
favor of the fish-pole.**Paint Your Buggy** FOR **75** CTSJust think, we make it pos-

the release of the men, but that the trial
will come up in October, as set.Judge Smith said he did not know
whether he would adjourn the term to-
day sine die or continue it.—Utah State
Journal.

Unnecessary Expense.

Acute attacks of colic and diarrhoea
come on without warning and prompt
relief must be obtained. There is no neces-
sity of incurring the expense of a phy-
sician's service in such cases if Chamber-
lain's Colic, Cholera and Diarrhoea Rem-
edy is at hand. A dose of this remedy
will relieve the patient before a doctor
could arrive. It has never been known
to fail, even in the most severe and dan-
gerous cases and no family should be
without it. For sale by Riter Bros. Drug
Co.

Dr. Agnes Winzell's Lecture.

Last Sunday evening at the Garland
Amusement Hall, Dr. Agnes Winzell,
graduate of Electro-Therapeutics, deliv-
ered a very entertaining lecture on the
subject of Disease—its cause and cure.
The attendance was small owing to the
unfavorable weather conditions. The
lecture was an eloquent speaker and handled
the subject in a scientific manner, setting
forth her experience and researches of
twenty-five years in hospitals and sani-
tariums. The leading doctors of the
Pacific Coast speak very highly of her
and recommend her treatment to those
who require medical aid. Her treatment
consists of the application of electricity—
patent medicines being condemned. In
speaking of the operations being per-
formed for appendicitis, she came out
strong on this point and styled this mode
of treatment as "Butchery." The ap-
pendix, she said, was as necessary to the
vital organs of the body as an oil can is
to an engine. The removal of this or-
gan, she stated, shortens life and God
would not have given us the appendix
had He not designed that it should fill
its proper function. Tuberculosis, can-
cerous growth, appendicitis and various
forms of disease are readily cured by her
electric science and appliances.Monday afternoon at the Henrie House
Dr. Winzell gave an interesting talk to
the ladies of our city. She has enlisted
a number of patients in our city who are
taking her electrical treatment.

Stomach Troubles and Constipation.

No one can reasonably hope for good
digestion when the bowels are constipat-
ed. Mr. Chas. Baldwin, of Edwards-
ville, Ill., says: "I suffered from chronic
constipation and stomach troubles for
several years, but, thanks to Chamber-
lain's Stomach and Liver Tablets, am al-
most cured." Why not get a package of
these tablets and get well and stay well?
Price 25 cents. Samples free. For sale

ed to be present.

Summer Diarrhoea in Children.

During the hot weather of the summer
months the first unnatural looseness of a
child's bowels should have immediate at-
tention, so as to check the disease before
it becomes serious. All that is necessary
is a few doses of Chamberlain's Colic,
Cholera and Diarrhoea Remedy followed
by a dose of castor oil to cleanse the sys-
tem. Rev. M O Stockland, pastor of the
first M E church, Little Falls, Minn.,
writes: "We have used Chamberlain's
Colic, Cholera and Diarrhoea Remedy
for several years and find it a very val-
uable remedy, especially for summer
disorders in children." Sold by Riter

"Make Hay While the Sun Shines."

There is a lesson in the work of the
thrifty farmer. He knows that the bright
sunshine may last but a day and he pre-
pares for the showers which are so liable
to follow. So it should be with every
household. Dysentery, diarrhoea and
cholera morbus may attack some member
of the home without warning. Chamber-
lain's Colic, Cholera and Diarrhoea Rem-
edy, which is the best known medicine
for these diseases, should always be kept
at hand, as immediate treatment is neces-
sary, and delay may prove fatal. For

Peach Day.

Brigham City will give a Peach Day
celebration on September 19th. As the
peaches of that "home" city have gained
a wide and favorable reputation, there
is no doubt that the city will be crowded
with visitors. The fruit growers and
business men there are to be commended
for their enterprise and we have no
doubt that the fame of Brigham City
peaches will, as a result of their efforts
in a few years, be equal to that of the
Rocky Ford cantaloupes. Success to
Brigham City's peach day.—The Deseret
Farmer.
